Israeli genocide
against the Palestinians
is paid for with our money
and now our blood.

Why would someone hate us so much that they would kill themselves to kill us?

Our government gives billions of dollars in cash and military supplies to Israel to support the following:

Israel practices strict **racial segregation** against all non-Jews, while Jewish groups and the Jewish media in the US demand forced racial integration in America.

Israel courts have reaffirmed the use of **torture** against all non-Jews, while Jewish groups and the Jewish media demand special rights for minorities in America.

Israel uses **collective punishment** against all non-Jews, while Jewish groups and the Jewish media call any use of race in America "racism" and "racial profiling."

Israel uses **mass deportations** against all non-Jews, and shoots anyone crossing it's borders, while Jewish groups and the Jewish media demand open borders and amnesty for illegal aliens in America.

Israel practices **ethnic cleansing** of all non-Jews in Israel, while Jewish groups and the Jewish media in America demand sanctions, bombings and the UN invasion of Serbia and Iraqi.

Israel **invades** it's neighbors in violation of numerous UN Resolutions, while no "Smart Bombs" fall on Israeli cities to "restore democracy."

Israel **denies** even the most basic **human rights** to non-Jews, and is responsible for the **mass murder** of tens of thousands of Palestinians, while Jewish groups and the Jewish media in America call the **systematic extermination** of a people, "**Genocide**."

Israel doesn't need gas chambers to commit Genocide.
Just our money.
